PRODUCT INFORMATION

GRIFFIN 4-0-8 with Agro-Mos® is the most complete nutritional package available. Designed specifically for citrus, it contains highly soluble nitrogen and potassium sources, along with a balanced combination of magnesium and a micronutrient package unlike any other. These elements are included in the correct ratios to provide the building blocks for the complex enzymatic reactions essential to overall plant health, production, and disease resistance.

GRIFFIN 4-0-8 includes **Agro-Mos®** from Alltech® Crop Science. **Agro-Mos®** is designed to enhance the natural systemic resistance within plants to withstand challenges that may limit production.

Foliar Nutritional Spray—**GRIFFIN 4-0-8 with Agro-Mos®** may be applied by air or with all types of ground spraying equipment.

Compatibility—**GRIFFIN 4-0-8 with Agro-Mos®** is compatible with most common foliar pesticides. USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

SUGGESTED USES—CITRUS CROPS

Mature Citrus - Apply 5-10 gallons per grove acre.

Young Trees - Apply 3-5 gallons per 100 gallons of spray min and apply to run-off
